Partner & Cannabis Group Chair, **Bill Caruso**, will serve as moderator for the Chamber of Commerce Southern New Jersey's Cannabis Council panel discussion, "What Rescheduling Means for NJ's Cannabis Industry." The DEA recently announced it will move to reclassify marijuana as a less dangerous drug. More formally called marijuana rescheduling, this would reclassify marijuana from the strictest Schedule I to the less stringent Schedule III. Join the panel for this timely discussion on what this historic shift means for New Jersey's medicinal cannabis industry.
