

# Recent Spate of EPA Action on PFAS Could Have Far-Reaching Implications

## Articles

06.05.2024

---

In the *Legal Intelligencer* article, “Recent Spate of EPA Action on PFAS Could Have Far-Reaching Implications,” partner **Charlie Dennen** explores two of the most significant recent EPA actions in its continuing effort to regulate PFAS, as well as the likely effects of those actions. He also discusses the possible implications of the Supreme Court’s widely anticipated repeal of the Chevron doctrine on the EPA’s recent PFAS actions.
