

Municipal Outreach and Land Use

Speaking Engagements & Seminars

09.06.2024

Richard Wells is a panel speaker at this year's New Jersey Cannabis Convention speaking at the session on "Municipal Outreach and Land Use." Since New Jersey first pushed for legalization, home-rule has always been a contentious signature policy of the state that has helped balance the short-term and long-term visions for the cannabis industry. Richard and the other panelists will discuss the nuts and bolts of how to engage with municipalities to get them excited about your project and the industry at-large. You will learn how to present your team, how to communicate with stakeholders, and how to develop a strong relationship with municipalities in New Jersey.
