

Archer Builds Environmental Team With Partner from Wilentz

In the News

04.01.2026

Archer has expanded its **environmental practice** with the addition of partner **Alice Shanahan** in its Hackensack office, as recently featured in Law360. In the interview, Alice discusses her experience handling complex environmental regulatory and transactional matters, as well as the opportunity to enhance client service through collaboration with Archer's environmental team. She also highlights the firm's unique positioning in the market, offering both flexibility and high-caliber legal services, as a key driver in her move.
