Join Archer's **Estate & Trust Litigation Group** for our 14th Annual Estate Litigation Seminar, a complimentary program presenting a review of new case law and other significant developments on trust, estate and fiduciary litigation from the region and around the country.

This program will survey significant trust and estate litigation cases from the past year, both regionally and nationally. We will address how estate and trust professionals can navigate the core concepts needed when a matter unexpectedly turns adversarial and how to avoid common mistakes that can escalate disputes or create liability. Our group of experienced mediators and negotiators will review ethical challenges, effective negotiation strategies, the line between lying and puffery, and how to handle difficult litigants and counsel.

Attendees will leave with a deeper understanding of current issues impacting estate disputes and the tools needed to navigate them effectively.

Key Topics:

- Significant Developments in Trust and Estate Law During the Last Year
- What You Need to Know (But Probably Do Not) About Probate Litigation
- Ethics and Negotiations

Who Should Attend:

This seminar is ideal for estate litigators, trust and estate attorneys, fiduciaries, financial advisors, and anyone involved in estate administration or dispute resolution.
