

Policy, Permits, & Public Perception: A Fireside Chat on Data Center Advocacy

Speaking Engagements & Seminars

10.07.2026

Presented by: Richard T. Wells

Data center development is evolving fast and navigating what comes with it is crucial. Partner **Richard Wells** will be speaking at the 7x24 Exchange Northeast Regional Conference, joining industry leaders for a fireside chat on the advocacy challenges shaping data center development. This premier gathering brings together CIOs, engineers, technologists, and facility leaders across the East Coast to discuss the topics shaping tomorrow's data centers.
