

New Jersey Business & Industry Association Energy & Environmental Policy Conference

Speaking Engagements & Seminars

10.27.2026

Presented by: Carlos M. Bollar

The New Jersey Business & Industry Association's Energy & Environmental Policy Conference examines the critical issues shaping New Jersey's energy and environmental policies and their direct impact on business operations. As the largest and most comprehensive conference of its kind in the state, the event covers a broad spectrum of topics, from resiliency and reliability to emerging challenges and innovations, providing attendees with substantive insights and practical perspectives on the issues facing New Jersey businesses.

Archer partner **Carlos Bollar** and Archer Public Affairs Senior Director Richard Mroz will each moderate a session during this year's conference.

Carlos will moderate "Annual Review of NJ Environmental Law," which will provide an update on activities in the Legislature, at the New Jersey Department of Environmental Protection, and in the courts.

Richard will moderate "New Jersey's Nuclear Power Play," examining the state's renewed focus on nuclear power development. Governor Sherrill and the Legislature prioritizing nuclear energy, the session will explore the feasibility of this effort, the challenges that could arise, and potential solutions for advancing nuclear power in New Jersey.
