Local Property Tax Roundtable with the New Jersey Tax Court

Speaking Engagements & Seminars

12.11.2026

Presented by: Alex Paul Genato

Learn the latest strategies for achieving successful outcomes in local property tax disputes and Tax Court litigation at the NJSBA's Local Property Tax Roundtable with the New Jersey Tax Court. Partner Alex Genato will serve as a panelist for a discussion exploring the evolving role of AI in the legal and property tax landscape. The roundtable will bring together experienced practitioners and Tax Court judges to examine key issues affecting local property tax matters, including recent case law developments, Payment in Lieu of Taxes (PILOT) agreements, mediation and settlement considerations, and trial practice before the New Jersey Tax Court.

Attendees will gain insight into how judges evaluate cases and how those perspectives can inform litigation strategy and help achieve favorable outcomes. The panel will also explore key considerations in mediation, including the factors that can influence settlement decisions and strategies for navigating the process effectively.

Alex serves as Co-Chair of the A.I. Subcommittee of the New Jersey Supreme Court Committee on the Tax Court for the 2026–2028 term.
