Overview

Eimi focuses her practice on estate planning and estate administration, including planning for both simple and complex estates. Her services include drafting basic and tax planning Wills, Durable Powers of Attorney and Advance Medical Directives, as well as preparing trust documents necessary to preserve family wealth and minimize tax consequences. Clients also turn to her for help with gifting and transfers of family assets and closely-held businesses.

Working closely with her clients, Eimi is always compassionate, patient and thorough, taking as much time as needed to explain things so that her clients fully understand all the options on how they can structure their documents. She knows each of her clients has a unique story to tell when it comes to estate planning, and her goal is to ensure they are making informed decisions.

Eimi's estate administration practice includes all aspects of probate matters, including intestacy proceedings, probate of Wills, and marshaling estate assets. Clients appreciate her thoughtful approach during what is often a difficult time in their lives. She provides an inventory, preparation and filing of federal and state (NJ and NY) estate tax returns, preparation of formal and informal estate accountings, and the final distribution of estate assets to the beneficiaries and heirs of the estate. Eimi also assists clients with post mortem estate planning opportunities.

Eimi has deep experience in matters regarding Trust administration and Trust termination by way of informal agreement or formal court applications, including filing of accountings, as well as modification and revocation of Trusts by way of informal agreement or by court application.
