

Archer Volunteers Support Youngsters at United Spinal Association's Kids Sports Spectacular

Press Releases

08.22.2013

A group of lawyers and staff from Archer P.C., along with their family members, participated as volunteers at the Kids Sports Spectacular (KSS), a free event presented by the United Spinal Association on Saturday, Aug. 17, 2013. The firm also supported the event as a sponsor.

Held at the Wells Fargo Center in Philadelphia, the Kids Sports Spectacular was open to children ages 4 to 21 with disabilities. Kids who are wheelchair users and their family members had an opportunity to participate in events and activities that were not only fun, but also educational. For many of these children, KSS is their first exposure to wheelchair sports and recreational activities.

The Archer contingent helped the children take part in various games, drills and activities related to soccer, basketball, tennis, hand-cycling and softball.

The United Spinal Association started the KSS program in 2004, and has been committed to creating and nurturing adaptive sports activities for more than 60 years. The Association's mission is to improve the quality of life of all people living with spinal cord injuries and disorders (SCI/D).

The Association was founded in 1946 by a determined group of paralyzed World War II veterans in New York City who advocated for greater civil rights and independence for themselves and their fellow veterans. Today, United Spinal is the largest nonprofit organization dedicated to helping people living with SCI/D.
