Press Releases

---

William J. Caruso, Chair of Archer's **Cannabis Law** practice group, recently joined a panel of experts for the *SJ Magazine Roundtable: Medical Marijuana*. This panel covered topics from the various myths and stigma surrounding medical marijuana, to the benefits, the research and what the future holds.

Mr. Caruso states, "We're starting to see this light at the end of the tunnel. We all talk about the need for federal reform, and it's actually happening. We're seeing bills move out of committees in Congress, for the first time, on banking reform. There's been conversations through the Defense Appropriations Act about coverage on the VA level; real honest-to-goodness discussions going on across the aisle. It now becomes a question of when, not if, this happens."
