

William P. Isele to Present Implementing Advance Directives, DNRs, and POLST in the Hospital Setting, and Utilizing Hospital Ethics Committees to Resolve End-of-Life Decision-Making Disputes

Speaking Engagements & Seminars

02.12.2015

Location: New Brunswick, NJ

Medical Side of Elder Law: Medicare and More in 2015

This essential program, designed for both attorneys wading into the elder law field and current practitioners, is focused on medical issues that you will face when representing senior clients. As an attendee, you'll hear a concise review of the key Medicare/Elder law issues you need to know, as well as the latest issues you're certain to face - from the ACA to difficult choices surrounding advance directives.

By the end, you'll walk away with both the tools and confidence you need to successfully handle medical matters for your senior clients and their families.
