Estate litigation is constantly evolving, and knowing the latest trends and developments can often mean the difference between winning or losing the cases you handle.

- How has estate litigation changed over the past year?
- What are the key issues you need to know to remain successful in 2015... and beyond?
- What are the key strategies you need to know to defeat challenging opponents?

Learn all the latest developments that you need to know in estate litigation, including:

- Inheritance tax treatment of settlements.
- When is a transfer of assets a transfer in contemplation of death for inheritance tax purposes?
- Can survivor's benefits of a retired firefighter be paid into a first-party special needs trust?
- Writing intended as a will.
- Does a real estate transfer as part of an estate plan violate the "bright line" rule of *Baldassarre v. Butler*?
- Confidential relationship between spouses.
- Update on the Directed Trust statute.
- Enforcement of settlements placed on the record.

... and more!
