Overview: Identify Concealed Risk and Strategically Negotiate Liability

Go beyond the “nuts and bolts” and explore business contracts at an advanced level. Our skilled attorney faculty will demonstrate how to take vital contract language, terms, conditions and clauses, refine them and customize them to your clients’ unique needs and situations. You’ll confidently maneuver through sticky provisions and identify the most advantageous positions to take in negotiations. Listen to real-world implications of seemingly harmless contract language so you can avoid injurious liability traps experienced attorneys have fallen prey to. Don’t miss out on this unconventional course that is overflowing with years of hard-won negotiation skills and concrete drafting technique.
