

Craig F. Ehredt

Chief Information Officer

 856.354.3062

 cehredt@archerlaw.com

Overview

Craig is Archer's Chief Information Officer. With over forty years' of experience dedicated to information technology within the legal space, he is responsible for the execution of the firm's technology strategy. Craig's experience, creativity and vision ensures that all technology choices are closely integrated with and aligned to serve the firm's needs, now and in the future. Working with members of the IS department, and also in his role as Chair of the firm's Information Services Committee, Craig oversees the design, development, operation and support of technology systems, including enterprise architecture management, application management, security and risk management, and infrastructure and operations support management.
